INTRODUCTION

Some additional pages appear in this edition presenting the results of several general survey questions and responding to requests to compare statistics for libraries serving similar populations. Some ten year comparison figures also appear on the Summary and Comparison page.

Caution and care are always required to interpret the data and while some reports have been adjusted to ensure a consistent reporting basis, there are undoubtedly some remaining anomalies.

If there are ways in which this publication can be made more useful to you, we would appreciate hearing from you.

THE ORGANIZATION OF PUBLIC LIBRARIES IN BRITISH COLUMBIA

A Reading Centre is the minimum unit of public library service eligible for Provincial support. It is sponsored by a legally recognized community organization and is established upon application to the Minister. There are 21 Reading Centres serving 11,562 citizens.

A Public Library Association may be established under Part Two of the Library Act upon application to the Minister. The Association has corporate powers and is responsible for the operation of the library. A Public Library Association has no direct local tax support though it may receive grants from several sources. There are 44 Public Library Associations serving 230,193 citizens.

A Municipal Public Library may be established under Part Three of the Library Act following the passage of a municipal bylaw. A Municipal Public Library is supported from municipal revenues. There are 18 Municipal Public Libraries serving 1,386,617 citizens. Eight of these libraries belong to the Greater Vancouver Library Federation.

A Consolidated Public Library may be established under Part Four (Regional Library Districts) or Section 41 (Integrated Public Library System) of the Library Act. A Regional Library District is made up of municipalities and school districts and is established following a plebiscite. An Integrated Public Library System is established by one or more regional districts which have assumed library service as one of their functions. There are three Regional Library Districts and one Integrated Public Library System serving 1,043,563 citizens.

A Federated Public Library System may be established between two or more public library boards under Section 40.1 of the Library Act to provide common services while member library boards retain responsibility for local services. There is one Federated Public Library System made up of eight municipal public libraries serving 838,300 citizens.
